FLOW

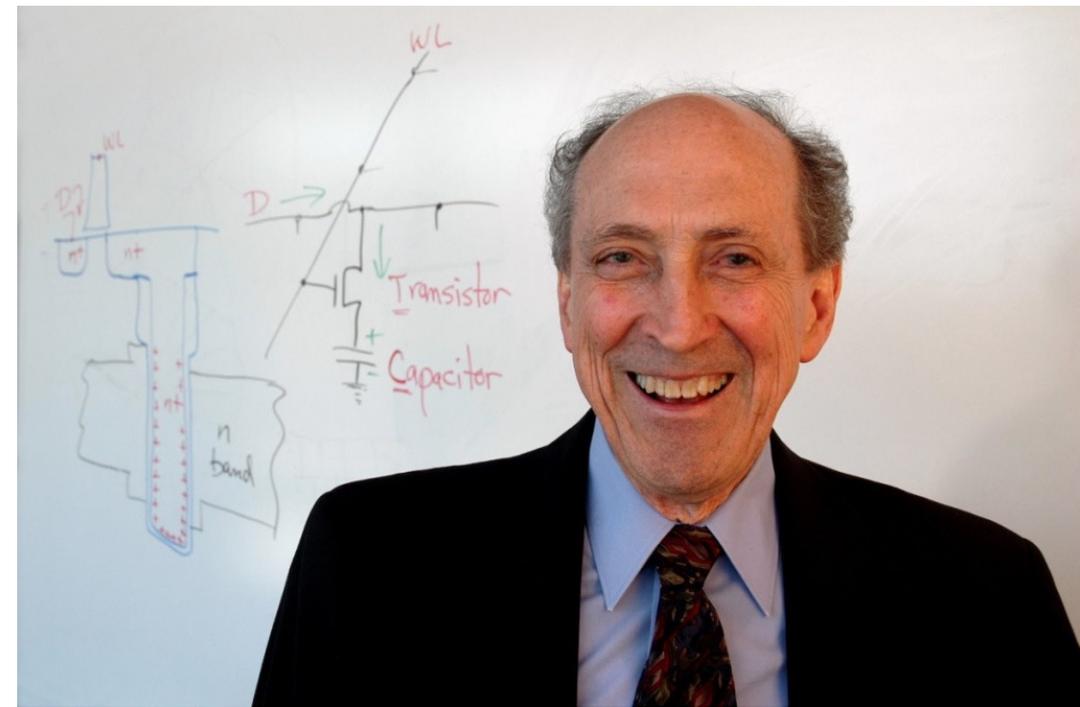

Silver

Robert H. Dennard (1932-2024)

Inventor of DRAM, and of the famous scaling law

Dennard's legacy continues to be a driving force across our industry

Viewing the sessions

Live in-person

Watch live in auditorium or on monitors in the break area

No food or drink in the auditorium (except bottled water)

Auditorium is closed at the end of each day – **don't leave your bag behind**

Live streaming

Avoid streaming through your VPN

60 second delay vs in-person

Recorded videos

Available immediately after the session completes

Watch anytime

Stream segmented by breaks

Slack Workspace

Slack workspace for remote Q&A and other interactions

hc2024.slack.com

Link for registration in credentials email

Display name should be 'Full Name (Affiliation)'

One channel per talk

For example #k1-openai-cai

Use for technical questions

General channels

#a1-announcements

#a2-help

#a3-general

“c” for conference talks

“k” for keynotes

“p” for posters

“s” for sponsors

“t” for tutorials
