

# Hot Chips 2024

## Closing Remarks

Ron Diamant (Amazon), General Chair

Jan-Willem van de Waerdt (Enphase Energy), Vice Chair

# What Happens Next?

- Registered attendees can access (with credentials):
  - Presentation slides on <https://hc2024.hotchips.org/>
  - Video streams on <https://hc2024.hotchips.org/>
  - Slack content remains online for about 90 days
- Others can still “On-Line” register and get access (tell your colleagues)
- Presentation slides and videos will be publicly available late this year
  
- We will follow up with an attendee survey
  - Reply and help us to improve the Hot Chips experience
  
- Program Committee will solicit selected papers to appear in IEEE Micro

# Hot Chips conference For engineers by engineers

This is the part where we show our appreciation

# Thank you to our sponsors

Rhodium:

Platinum:

Gold:

Silver:

- Sponsors + IEEE TCMM grant:
  - Keep registration fees relatively low
  - \$5 registration fee for students from developing countries
  - Hosting of video streams

# Thank you to you

- 922 “In-Person” attendees, 1,003 “Virtual” attendees
  - From Industry, Academia, Press, Investors
- 2 keynotes
- 2 tutorials, with multiple presentations each
- 24 regular presentations
- 14 posters
  
- Stanford University (Christina Cusack, Darin Evens, Richard Berry)

See you next year!

# We need to improve conference branding

Dear Sir/Madam,

Good day! Wish all the best there.

I am [REDACTED] from [REDACTED] Hope this letter finds you well.

As a professional manufacture of food machinery, we have exported to 118 countries and service more than 1,000 customer factories with over 18 years experience in this industry.

One of the emails to the organizing chairs

We see that your company's products are very similar to our company's products, and our machines can meet the production of your products.

We are very honored to introduce our potato chip production line to you.

We have Fried Fresh Potato Chips Process Line use fresh potato as raw material, through washing, peeling, slicing into chips, then frying, de-oiling, flavoring and cooling, final get potato chips products.

We also have other food production lines that can meet your various needs. We are in a good position not only to supply you high quality machinery, but also the excellent after sales. Well-trained engineers will offer you any technical support.

The attachment is our product catalog and video, please refer to it. If you are interested in us or not, could you please give me some feedback, so I can know how can I do with you?

Your reply will be highly appreciated!

Thanks for your value time.

Best Regards,
